Description

1987 Holden Calais VL 355ci Injected Stroker V8 APV Build No.1
Factory V8, T5 Manual

The very first iteration of the then newly formed APV or (ADVANCED PERFORMANCE VEHICLES), APV or Advanced Performance Vehicles was established soon after Peter Brock and GMH parted ways. Roughly 40 ex Bertie Street HDT employees - under the leadership of ex HDT Director Jeff Hughes, formed a short lived company to look after HDT owners and their cars. This then lead APV into developing their own standalone Commodore offering, to battle the likes of HSV.

Here we have the first lot of the line.

Build 001 - stamped July 1987 - with the original build plate.

\$2,000 Worth of Added Value, Including: Pre-purchase Service, Freshly Complied, New WOF, 6 Months Registration, Full Tank of Fuel, Glove Box First Aid Kit, AA Appraisal, Full Valet from top to bottom and Friendly, Professional Service.
